Dear Mr Naldrett,

We have now received back the Engineers comments in respect of the above application. They are still objecting to the scheme, however, I can see that a significant number of the outstanding points have now been satisfied such that the application is close to being acceptable. Given that you are so close I'm able to give the opportunity to amend the proposal to address the remaining comments. Comments can be found online, I would be grateful if you could pass these on to your drainage consultants for their review.

Would it be possible to obtain the amended plans by the 6 February at the latest.

Kind regards,

Kathryn Welch
