Subject: RE: Planning Consultation on: M/39/24/DOC

Dear Kathryn,

I am due to be reviewing the submission for this application this week and wanted to ask you to contact the applicant to see if they would like to amend or add to this submission prior to review.

Can you please clarify with the applicant that they have submitted everything that needs to be considered to support every aspect of the application – even if it has been submitted previously.

This request is in the interests of transparency and to aid any current or future reviewer, public or private. Each application is considered on it's own merit and the onus is on the applicant to submit all of the detail that is required to support that application without the need for the reviewer or any member of the public to refer to any other application.

I will hold the consultation review until I hear back from you with confirmation that the applicant is happy with their submission.

Kind regards

Sarah Burrow
