Subject: 25 Sea Way, Middleton-on-Sea - Planning Application M/41/18/HH

Ricky

You may/may not have seen email correspondence in respect of the above.

As I understand it Barbara Oakley asked a resident to contact me as Barbara's on the Development Control Committee so, not being fully cognisant with Planning manoeuvres I contacted Karl Roberts. I now understand I have to contact you so, the above application is opposed locally by the Parish Council on the following grounds:

1. It's out of character with the street scene;
2. The building will be too high and out of keeping with neighbouring properties;
3. The proposals will, if implemented, adversely affect the Area of Special Character and
4. It will constitute over development.

May I ask you please to make the necessary arrangements to list the application for consideration by your Development Control Committee.

Thank you

Best regards

Paul
