Subject: Planning ref M/42/19/PL 117 Elmer Road

I have sadly been put in a position of objecting to the above planning application I cannot see why the development cannot be built on the same foot print of the original property .I purchased 127 Elmer Road property in April 2018 and have recently spent £3,000 on the front of my property so there is parking for 2/3 cars without knocking down my property if 117 Elmer Road is moved further back it will come level with the end of my rear garden and it will cast a shadow overall which will take the light from my bathroom and the lovely westerly sunshine in my garden where I have also spent £4,000 getting it cleared so I can enjoy .This has been my sanctuary since I lost my Husband last year

I also feel for my neighbor who lives at 119 Elmer Road and will be so over looked and who wants leylandi tree's as a screen surely the council knows what a problem they can be if they are not kept under control so my objection is does these dwellings have to be so far back

and not on the same site as the current dwelling

I would like to invite Mr Andrew Wood to visit my property to explain my concerns

With kind regards
Mrs C G WEBB
127 Elmer Road
