Subject: objection to 22 Tudor Close

Dear Ms Welch,

I have decided to redact the objection I made today 14/5/21, it includes an error re the reference to the rear extension aligning with no 23, it should read 21.

I feel that the matter is now in the hands of the planning officers and my response to Mr Moore's letter is not necessary.

If possible please remove it from the system.

Thank you

Andrea Coleman
