SPD11	Arun Parking Standards 2020
SPD7	Middleton on Sea Village Design Statement

CONCLUSIONS

PRINCIPLE

Policy D DM1 sets out 13 design aspects of which applications should be assessed against. These include: Character, Appearance, Impact, Innovation, Adaptability, Crime Prevention, Trees, Public realm, Layout, Public Art, Density and Scale.

Policy D DM4 sets out criteria for which applications relating to extensions and alterations of existing buildings must be assessed against. They generally seek to minimise the impact of the proposal on the character of the host dwelling, its neighbours, and the locality.

Policy D SP1 of the Arun Local Plan regards the design of new development and states that it should be informed by sustainable design and should reflect the characteristics of the existing site and the locality in which it is situated. These characteristics include layout, landscaping, density, mix, scale, massing, character, materials, finish, and architectural details.

Policy HER DM4 relates to Areas of Character. It requires proposals to: retain buildings and other features that make positive contributions to the special character of the area, maintain an appropriate mix of uses where it is an important element in the character of an area and, for new development, preserve and where possible, enhance the special character of the area.

Paragraph 203 of the NPPF requires a balanced judgement be made when concerning the scale of any harm or loss and the significance of a non-designated heritage asset. Areas of Character are non-designated heritage assets.

Arun has adopted a Design Guide which provides detailed guidance that helps to raise design standards across the district. Section M states that development should respond to the distinctiveness of their host dwelling and surroundings in terms of scale, massing, materials, and protect the amenities of occupants and neighbours.

The Middleton Village Design Statement describes the distinctiveness and characteristics appreciated by local people and aims to provide additional guidance to inform appropriate development within the area. General guidance for future development aims to ensure development is in keeping with its host and its locality, is of appropriate form, scale and materials, features sufficient parking and minimises its impacts on neighbouring amenity. This proposal is compliant with the village design statement.

Arun has adopted a parking standards document which aims to ensure properties have adequate parking space.

DESIGN AND VISUAL AMENITY

The proposed front extension replaces an existing, smaller front projection. The proposed front extension is to be approx. 5m in depth, 4.6m in width and 3.9m in height with eaves at 2.5m. This site features a significant curtilage and large front driveway. The scale of the proposed front extension is such that it is visually subservient to the host dwelling. Additionally, the pitched roof, matching materials and appropriate siting result in a visually integrated design.

Being at the front of the property, the extension would be visible from the wider street scene. These views are limited due to front wall boundary treatment. The design and limited views mean there is a limited visual impact on the wider street scene and that it is not an adverse visual alteration. The established front building line within the street is also staggered and there are many prominent forward projections. It is not out of character within its locality.

Section M of the Arun Design Guide sets out a maximum recommended depth of 1.5m for front extensions. In this instance, although contrary to the max depth, the extension is in character with its host dwelling and area. This section also recommends the design responds to existing features on the front elevation. In featuring a similar pitched roof design, matching materials and a front window that is of a similar design, the proposal is responding to prominent existing features.

The proposal is compliant with relevant Development Plan policies D DM1(1)(14), D DM4(a)(b)(e) & D SP1 of the Arun Local Plan.

NEIGHBOURING RESIDENTIAL AMENITY

The scale of the extension, extensive boundary treatment and separation from the West (side) site boundary are such that the proposal does not give rise to any adverse impacts by way of overbearing or overshadowing on any neighbouring dwellings.

The proposal includes 2 No. new windows that look out to the front driveway and have limited views of the street. The proposal gives no rise to any adverse impacts by way of overlooking on any neighbouring dwellings.

The proposal is compliant with relevant Development Plan policies D DM1(3) & D DM4(c) of the Arun Local Plan.

HERITAGE

The property is in the Middleton-on-sea Estate Area of Character. Policy HER DM4 requires the retention of buildings and features that make positive contributions to the special character of the area. The Area is characterised by spacious, low-density housing. More specifically, the street Sea Way, is known for its historically important beach huts. Neither of these distinguishing features will be adversely affected by this proposal.

Paragraph 203 of the NPPF requires a balanced judgement be made when concerning the scale of any harm or loss and the significance of a non-designated heritage asset. In this instance, there will be no harm to the significance of the non-designated heritage asset.

The proposal is compliant with relevant Development Plan policy HER DM4 and paragraph 203 of the NPPF.

PARKING

The property retains a minimum front driveway depth of 13.1m. Per the Arun Parking Standards, this property is within Parking Zone 2 and would require a maximum of 3 No. parking spaces. The driveway would retain enough parking space.

SUMMARY

The proposal is compliant with relevant Development Plan policies and as such, it is recommended for approval subject to the following conditions and informatives.

HUMAN RIGHTS ACT

The Council in making a decision should be aware of and take into account any implications that may arise from the Human Rights Act 1998. Under the Act, it is unlawful for a public authority such as Arun District Council to act in a manner, which is incompatible with the European Convention on Human Rights.

Consideration has been specifically given to Article 8 (right to respect private and family life) and Article 1 of the First Protocol (protection of property). It is not considered that the recommendation for approval of

the grant of permission in this case interferes unreasonably with any local residents' right to respect for their private and family life and home, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general interest and the recommendation for approval is considered to be a proportionate response to the submitted application based on the considerations set out in this report.

DUTY UNDER THE EQUALITIES ACT 2010

Duty under the Equalities Act 2010

In assessing this proposal the following impacts have been identified upon those people with the following protected characteristics (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex or sexual orientation).

The proposal would have a neutral impact on the protected characteristics.

CIL DETAILS

This application is not CIL Liable.

RECOMMENDATION

APPROVE CONDITIONALLY

- 1 The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990 (as amended).
- 2 The development hereby approved shall be carried out in accordance with the following approved plans:
 - Proposed Single Storey Extension Sheet 1 of 3. (Submitted 06/05/22).
 - Proposed Single Storey Extension Sheet 2 of 3. (Submitted 06/05/22).
 - Proposed Single Storey Extension Sheet 3 of 3. (Submitted 06/05/22).
Reason: For the avoidance of doubt and in the interests of amenity and the environment in accordance with policy D DM1 of the Arun Local Plan.
- 3 **INFORMATIVE:** Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure)(England) Order 2015. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.
