Dear Mr Davey

With reference to your recent application submitted for an additional storey at 48 Lane End Road, I have sought clarification from my Team Leaders regarding the relocation of the main entrance to the principle elevation and construction of a new canopy of the relocated entrance, and this does not fall within the permitted development rights of Schedule 2 Part 1 Class AA, which solely covers the construction of one additional storey .

Please therefore confirm your acceptance of the amended description: Notification under Schedule 2 Part 1 Class AA for an additional storey on existing dwellinghouse'.

You will also be required to amend the plans to clearly note that these works do not form part of this application, and re submit them accordingly.

It will be for you to determine how you wish to achieve the additional works, you may wish to apply for a Lawful Development Certificate for Proposed Use to determine whether or not the relocation of the main entrance to the principle elevation and construction of the new canopy can be treated as Permitted Development.

Kind Regard

Nicky Moore
