Good morning Anita,

We carried out ground water monitoring & percolation testing in December/January, at the same time & using the same company as no. 24 Alleyne Way. Their development has been signed off by Arun, could you clarify why the results/information for our site are unacceptable.

I've attached a foul & surface water statement, drainage plan, sewerage consultation from CBC & Southern Water's response to our approved plans of June 2018 (M/37/18/HH).

kind regards,
Bruno Raworth
