Dear Sirs

Ref : Planning Application M56 /17/HH - 8 Beaconsfield Close.

Having looked at the drawings related to this application I would like to make the following comments.

This is quite a large extension to No 8 and more on the lines of the new build of a one bedroomed bungalow coupled to the main bungalow at the roof, the eastern elevation of which overlooks my property at No 12. and will be quite intrusive.

Whilst the new build will no doubt increase the value of No 8 it will have the reverse effect on the value and saleability of mine at No12.

Beaconsfield Close at present benefits from a neat peaceful situation , and that is its charm, this could destroy it . Many of the adjacent neighbours have lived here in excess of thirty years.

I trust that the above comments will receive just consideration when reviewing the above application.

Yours faithfully

Mr W Saunders
