Dear Sir,

Ref: PLANNING APPLICATION M/56/17/HH
8 BEACONSFIELD CLOSE.

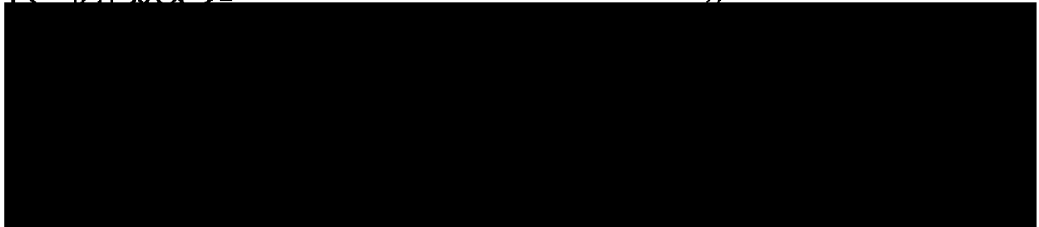

We strongly object to the above proposed planning application.

It is a lovely quiet close with retired residents living in the spacious and airy bungalows.

This application would have a devastating effect on most of our properties. To demolish a precious garage and erect a large building with pitched roofing would destroy our outlook and look totally out of place. It would block out the light and we would be hemmed in. Nobody in our close has built such a large extension.

The owners have a Transit van & a large estate car. The parking would be compromised and dangerous.

On a final note, my husband is ill and I have Asthma and stress related problems.
