Hello Andrew,

This application is for a grant funded adaptation, which my clients Occupational Therapist has deemed urgent.

It involves the construction of a ramp to the front of a flat, for a severely disabled client who is a wheelchair user. Until this ramp is constructed she is unable to safely enter or exit her property. The ramp will not be permanent. Included in the overall works is a bathroom adaptation which will enable my client to utilise her washing facilities safely and with increased independence. We must carry out both aspects of the adaptation concurrently, so we cannot adapt the bathroom without approval for the access works. We have everything we need to proceed with the works, except planning permission.

Therefore anything you could do to speed up the process would be very much appreciated by myself and my client. I look forward to hearing from you.

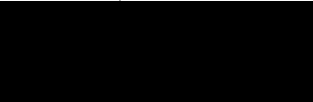

Kind regards,

Deborah
