Our Ref: Arun to Pagham Beach Management Plan: Phase 3 – Old Point

Dear Ms Wylde,

Further to our telephone conversation this morning, I write to request your formal approval to the Works as far as they relate to land in your ownership and/or control i.e. the Foreshore.

Arun District Council is intending to better protect the sea wall at Old Point, Middleton-on-Sea, with an armourstone breakwater within an existing groyne bay. The breakwater will be comprised of 3-5 tonne armourstone rocks stacked to form a trapezoidal cross section over an area of approximately 119 square metres (totalling approximately 400 tonne rock).

I enclose copies of our drawings no. 50/03/52/01 and 50/03/52/02 together with our considerations of the Marine Plan and a Water Framework Directive scoping assessment and impact assessment. An application has been made to the Marine Management Organisation (MMO), however this has not been approved as yet. The MMO application reference is MLA/2019/00290. There is also a pending application for a Certificate of Lawful Development with Arun District Council planning department for which there is no reference number at this time.

If you require any further information I can be contacted by phone and e-mail, details of which are at the head of this letter.

Yours Sincerely

Sarah Burrow
Engineering Assistant
