Subject: M/62/I9/PL

For some reason the e mail which I sent to you recently in my capacity as a resident of Sundale Lane does not appear to have been received by you although you have received and acknowledged the representations which I made on behalf of the Sundale Lane Residents Association Ltd. for which I am the correspondence secretary.

I am therefore writing to say that in my personal capacity I fully support the views expressed to you on behalf of the Residents' Association and which appear on the website.
