It would seem that Frontier Estates have a crystal ball unlike anyone else in the country at the moment and are able to predict that 50 per cent of their future employees will travel by public transport or bike to work at all hours of the day and night ,down country lanes with no footpath or lightning!,

How any company can possibly know how their employees will travel to work before they have even opened the business is ridiculous.

Much of the public transport information is incorrect and extremely misleading. Currently people's view on using public transport in the current climate is changing and more people are opting to use their own transport.

The 141 bus On Frontier transport plan was only ever a school bus by the way to Bishop Luffa School in Chichester and does not exist now.I do 45 miles a day round trip to Chichester twice a day due to no local bus service to collect my daughter from school now.Many local bus services in villages such as Middleton have been cancelled due to Covid 19.

There are no bus services after 9.00pm and virtually none on Sunday's how do Frontier propose staff will get to work?

By car??????

How will 29 parking spaces be enough for a 66 bed care home for staff ,visitors ,lorries etc

Answer - it won't and there will be cars parked everywhere down Silver Birch Drive causing a obstacle course and poor visibility for all drivers including local residents.

It will be extremely dangerous and very likely accidents will be caused as this is a residential area with many families and children living.

THERE IS NOT ENOUGH CAR PARKING FOR THIS DEVELOPMENT

It is not fair that Silver Birch Drive will become a overflow car park!!

Your views as made above will be considered before the application is determined.
