Thank you for your internet representation made on 21st September 2020 which has been recorded as an objection with the comments as follows:

OWPC29753

Over development on a giant scale generating too much dangerous traffic in a rural setting.
There will be more traffic than ever as many people are choosing to use their own car rather than use public transport, due to the current a Covid crisis.
This development is not sustainable as it is badly connected to all public transport options.
