Good afternoon

Please accept this as written confirmation that we wish to object to the proposed planning application reference M/73/19/HH. As neighbours and residents of Sea Way we feel the proposed development would be visually intrusive due the extent, height and sighting of this proposal.

According to the plans, this outbuilding would be clearly visible from our garden, ground floor and first floor. At the present our view are small trees.

Whilst we appreciate and accept that an outbuilding could greatly benefit the property, the positioning and height should not be detrimental to other residents through altering the locale.

Russell and Cida Fairbrass
