Hi Zac, following our conversation this morning, I've attached a revised scale drawing showing a slate roof rather than sheet steel. I understand that this will now be put out for consultation. Could you estimate when a revised decision date will be?

Please let me know if you need any further details.

Many thanks and kind regards

Dear Mr Chisholm,

This email is regarding the application for the erection of a single storey outbuilding at the above application site.

As it stands, the application is not looked upon favourably, as a result of its scale allowing for there to be views of the proposal from the street scene. The proposal is considered to be ugly and unattractive due to its proposed materials.

I am emailing to ask if you would consider altering the proposed materials, as it is felt that more sympathetic materials may remove the current issues with the proposal.

Would you be agreeable to an Extension of Time until the 17th of October, to discuss the proposal?

Kind regards,
