

Dear Sir

planning Application / poultry farm
Yaffton Road, re- Frontier
WINDRISTRICT COUNCIL
Est. 1 OCT. 2019
RECEIVED

My objections.

- 1, Highway Safety / pure Volume of traffic
at Comet Corner junction. more development
means more traffic for Middletown Village.
The Council did little to improve the
situation over the last few years
only to add to the problem by considering
this development.
- 2, I believe there was planning on this
site for thirteen houses. originally,
which would have taken up far
more land than necessary. Considering
there was only one building / property
on the site in the first place /
so why consider a 66 bedroom
home plus parking! its far to big
a home in this area of the village
and does nothing to help the
character of the village.
- 3, access to the site via Silver Birch
drive would be a disaster for the
P.T.O.

Conest
Corner.

Conest Cottage.

Middleton Farm Shop

Existing houses

Existing houses.

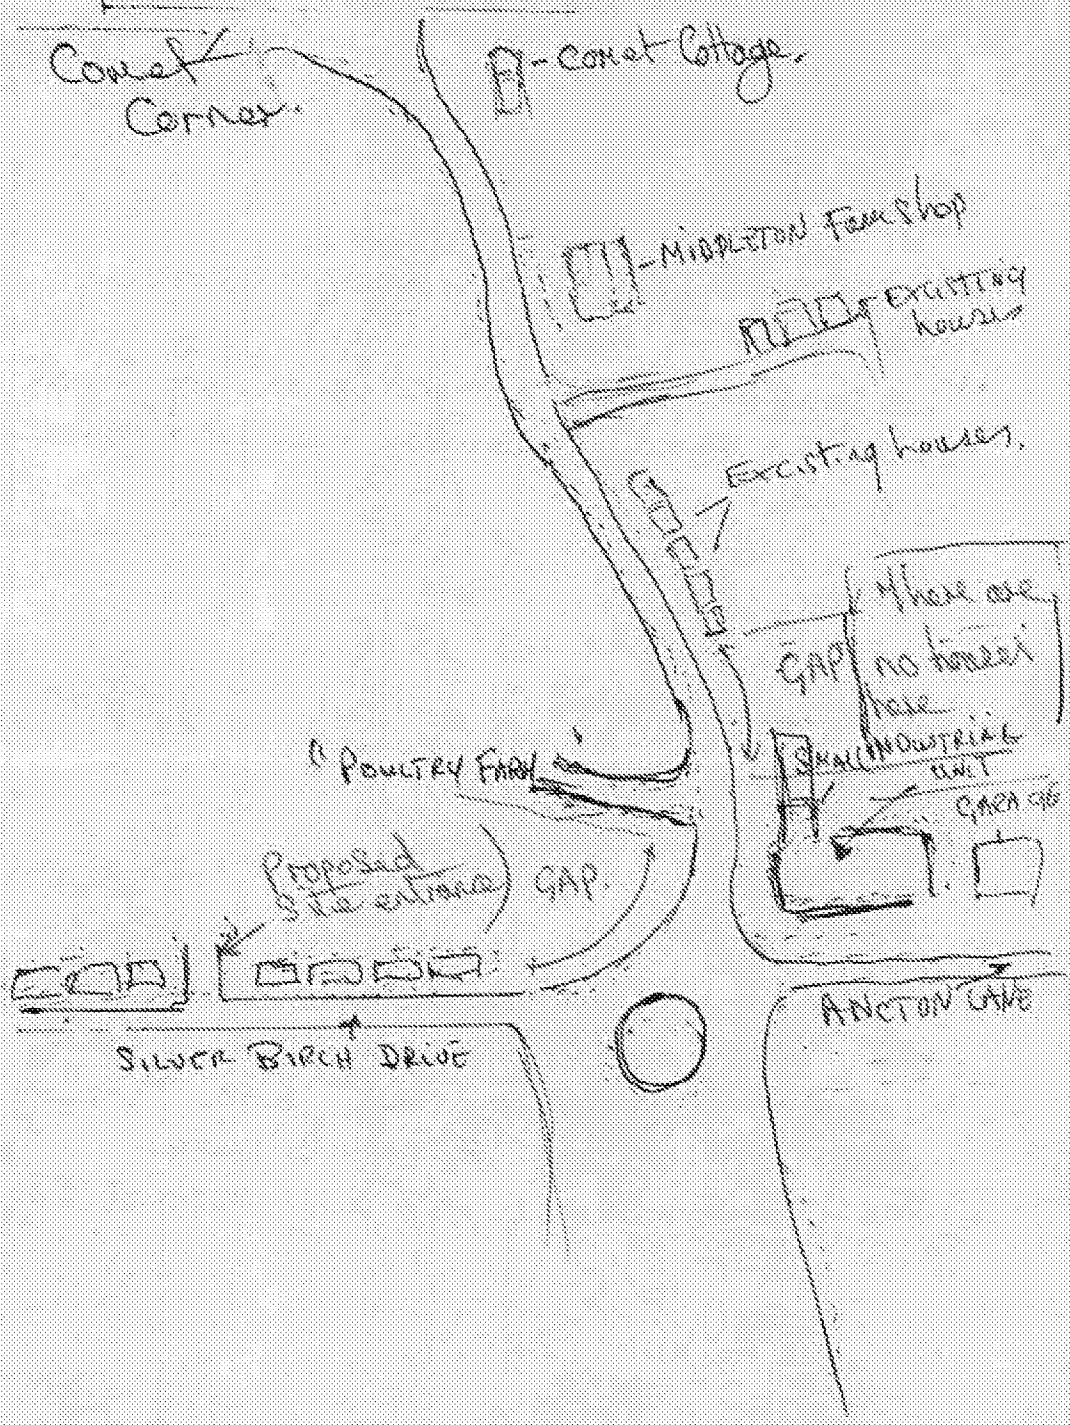

Poultry Farm

Proposed site entrance GAP.

There are
no houses
here
shall now be
built
GAP of

ANCTON GATE

SILVER BIRCH DRIVE

Arns Council promote West Lussac
as a beautiful Seaside area
with beautiful Countryside.

"That Countryside" Won't be there in a
few years time at the current rate
of development and new roads.

There won't be anywhere for the people
that live in these areas or for
tourists etc to see or visit!

please leave our Countryside
for us and future Generations to see!

Stuff the Government and politicians
let them have the sprawl on their
doorstep

only then will they change their views!
