Dear Mr Roberts

Re: M180/19/PL REFERS
in in in

Regarding the above planning application I am opposing strongly against it for many reasons;

First, the amount of traffic that it is going to incur is unthinkable in such a nice quiet area. The construction of the care home is going to cause chaos, mess, the road to the actual site is not suitable, there's a footpath to consider, much used by dog walkers.

Corner corner which is also a disaster waiting to happen, will involve even more traffic - which is unthinkable, its a nightmare now!

Yapton Road is just a dark narrow lane not suitable at all for all that traffic!

Parking will also be a problem to those people living ~~at~~ in Silver Birch Drive. Allowance for car parking on site are not enough for that number of rooms.

To change such a lovely quiet, rural setting into such a busy, large building, traffic coming and going is unbearable.

Yours truly,

CANDERSON / MRS.
