Re: Development Application
M180/19/PL

Dear Sirs,

I wish to object to the above
Planning Application as follows:

- There are numerous Care Homes already in the Bognor and surrounding areas so why have any more particularly as this would be a new. Build up against existing homes and will create more traffic/parking/Noise which nobody wants. Our environment should be protected from further building and the poultry farm would be better served as an extension of the adjacent park for the enjoyment of all.

Yours truly,
