**Subject:** M/80/19/PL objection

Dear sir

Please lodge this email as my official objection to the planning proposal M/80/19/PL for a 66 bedroom dementia care home.

I live at 12 Silver Birch Drive & back directly onto the proposed planning, also next to the proposed access, I strongly object to this planning my reasons are the access is totally unsuitable this is a small road with a lot of people parking there already, there will be cars going past all times of day & night so causing a lot of noise, & disruption, I also use the footpath to walk my dogs daily.

I would also like to know is there a plan to upgrade the sewers as a 66 bedroom property will add a lot to the existing sewers that are overstretched already, in heavy rainfall yapton road floods.

This planning application will directly affect my family's life & I strongly oppose to this application Regards Mrs Jeanette Tubb
