no flooding records

record of flooding in the road next to it (East Close sewer surcharging) this was in 1978

but not West Close

They've had a query from a local resident saying that there has previously been flooding around 2 West Close, Middleton-on-sea (SU9694400089). I've said that its not in a flood zone so maybe surface water flooding.

They are checking with their own drainage engineers but wanted to know if we had any records of this?
