Response to Planning Application

From: Arun District Council Greenspace

Date: 09/08/2021

Application ref: M/92/21/PL

Description: Demolition of existing bungalow & construction of 1 No 2-storey dwelling with access & off road parking. This site is in CIL Zone 4 & is CIL Liable as new dwelling.

Location: 68 Ancton Way Elmer Middleton-On-Sea PO22 6JP

Determining Authority: Arun DC

Summary recommendation: I would recommend no landscape objection to the proposals subject to subsequent submission of landscape details.

Comments

Relevant landscape designations:

This is to the site of an existing dwelling within existing residential development.

There are no physical, visual, historical or cultural links, protected landscapes, scheduled ancient monuments, listed buildings, conservation area or Historic Parks or Gardens associated with this site.

Response

This will be a CIL liable development

As this is a small development of 1 replacement dwelling there will be no requirement for onsite POS, Play facilities or offsite contributions.

The NPPF para 124/127 relate to good design principles which equally apply to small infill and replacement development. The indicative site layouts show no tree protection plans or indicative planting alongside tree

retention. These details would require expanding in the form of a detailed planting plan and specification detailing species choice, actual plant quantities, planting densities and size at time of planting. Detail should also be provided regarding existing trees and boundary planting where appropriate..

Impact

The potential impact of the proposals could be blended into the surrounding environment with further thought given to the landscape offer and greening to counteract this.

Mitigation/requirements

Landscape provision to the dwelling and improvement with native species infill plus further boundary screening as required. All proposed planting should be considered and its connection for biodiversity and habitat explored, with a biodiversity net gain following development. Trees specified should be at a size which allow instant impact, but which will establish and mature as the site develops.

Recommendation/Conclusion

I would recommend no landscape objection to the proposals subject to submission of landscape details to provide ornamental and native improvements and potential biodiversity gain.

This application has been identified as CIL Liable. Therefore please be aware that, in accordance with Appendix 2 of the Arun CIL Charging Schedule, your consultation response should only include requests for Section 106 for onsite mitigation, Pagham Harbour Management Contributions (if applicable) or Affordable Housing. "Off" Site mitigation measures directly related to this development should be dealt with by condition if possible to ensure the scaling back of Section 106 if possible. CIL contributions will be used for "off" site infrastructure mitigation schemes. Therefore if this proposal triggers the need for "off" site mitigation, please ensure that you engage in the CIL Infrastructure List Consultation process upon receipt of a consultation letter.

Should you have any comments to make, these should be sent by replying to this email by 5th August 2021. You can also monitor the progress of this application through the Council web site:
