Graham,

I have received your comments of 'no objection' in relation to the above application. Looking at the planning history it appears as though the personal condition and restriction on hours of operation were imposed as a result of previous discussions with yourself and John Griffiths, Food Safety Officer. I note that the premises is close to residential properties and that concerns were previously raised regarding possible ventilation equipment and resulting noise and odour. Presumably the potential for problems would increase if hours are extended. In addition the previous application included sample menus detailing the type of food served by the previous applicant no such information accompanies this application so if anything potential problems could increase.

I am considering refusing the application given the lack of supporting information with respect to the personal condition and concern over an adverse impact on residential amenity from extended opening hours.

In the light of these comments do you have anything further to add?

Regards

Anita
