Dear Maria

Thank you for your email

I have pleasure in attaching the section details for the sliding doors. It is desirable for these to be opening as this is a South elevation and such a large expanse of glass on each of these rooms with the only ventilation being limited to the roof lights which will make it extremely uncomfortable on hot sunny days.

I also attach an image of the proposed cladding to be softwood shiplap to be stained black to match the existing

Kind regards

Giles Dixon

Dear Mr Dixon,

The above DOC was re-allocated to me to deal with.

In case you did not have a chance to see the comments of our Principal Conservation Officer (uploaded on our website), please see below:

Peckhams Poling Street Poling BN18 9PT

Approval of details reserved by condition imposed under ref PO/8/21/L relating to Condition No 2 - details of wood treatment and new windows and doors

I am unable to view the information related to the details of the wood treatment. Please can this be provided?

The proposed rooflights seem to be acceptable. However, the level of information regarding the windows is limited to two photographs. It would help to have sections of the sliding doors – which were not clearly displayed on the approved consent.

I would like to remind you the wording of condition 2 PO/8/21/L:

Prior to installation of any new windows and doors and treatment of any of the existing wood features details of wood treatment and new windows and doors shall be submitted to and approved by the Local Planning Authority and the development shall proceed in accordance with the details so approved.

You are advised to provide the required details on 31st January the latest to re-consult further information if provided.

Kind regards

Maria
