

Arun District Council

Reference: PO/4/15/TC

Location: South Barn Poling Lane Poling BN18 9PU

Comments:

- With reference to PO/4/15/TC, I visited the site on the 7th of August on request of the owner/resident as a hazard beam had developed in the upper section of the crown. This defect was affecting the southern section of the crown, which in turn had the potential to damage property if a failure occurred.
- **Considering this risk, I decided to allow a 5 day notice of intent to fell.**
