Dear Mr & Mrs J Walters,

Town & Country Planning Act 1990 (as amended)
Town & Country Planning (Development Management Procedure) (England) Order 2015

Application for Planning Permission for Works or Extension to a Dwelling

Development: Proposed Single Storey Rear Extension
Location: 2 Elm Close Pagham PO21 4RP

Thank you for your recent application which I received on 1st August 2026. It is being validated by Ms Ella Summerfield who will be able to assist you should you have any questions.

I regret that I am unable to accept your documents as a valid application until the following item(s) have been received or resolved :-

The Floor plans provided show trees that are within falling distance of the extension, on the application form this is ticked as no.

The block plan requires dimensions to be drawn from the proposed extension to the site boundary. Please submit a block plan.

CIL form parts 2 and 3 need to be answered.

The TQ location plan existing dwelling is not consistent with the other location and block plan existing dwelling dimensions.

The scale bar provided for the existing plan needs labelled numbers to show the distance of the scale.

Biodiversity Enhancement Statement

Please submit a Biodiversity Enhancement Statement. This is a local validation requirement completely separate to the Biodiversity Net Gain requirements and as a minimum, it should state how the application seeks to protect and improve the existing on-site natural environment. Please refer to the validation requirements list for further information.

For further detailed information on validation requirements please go to our website and refer to the requirements list for this type of application: <https://www.arun.gov.uk/making-a-planning-application>
If you are unable to access the website, please contact this office so a copy can be sent to you.

Where the information requested above relates to a local validation requirement, you may request that the requirement is waived. The information requested should be reasonable having regard to the nature and scale of the proposed development and about a matter which it is reasonable to think would be a material consideration in determining the application. If you do not feel this is the case, you can serve a notice on the Council, specifying which particulars or evidence you do not consider meet this test of reasonableness. You must state which items you disagree with and set out the reasons why you hold the view, please quote the application reference in your letter or email. The Council will then consider your case and respond. It should be noted that there is no right to challenge the national requirements as these requirements are contained in planning legislation.

If providing additional documents or information, please email it to: planning.responses@arun.gov.uk with a covering email clearly explaining what is being provided. Do not resubmit it via the planning portal as we receive all the original information plus any amended information and it is not clear what has changed. Please provide the above by **19th August 2026** or your application will be closed as incomplete and where a fee has been paid, I will retain £40.00 (or the entire fee, if less than £40.00) to cover the cost of administering the return. If you have difficulty meeting this deadline please contact the above officer to agree an extension to this time scale. Once the application has been closed, you will need to submit a fresh application if you still want to proceed.

Yours sincerely

Neil Crowther
Group Head of Planning
