Dear Amy

Arun District Council: Application to discharge Condition 4 pursuant to planning permission ref. P/71/21/PL at Church Farm Holiday Village, Pagham, Bognor Regis

On behalf of our client, Haven Leisure Limited, a subsidiary of Haven Holidays Ltd, please find enclosed an application seeking to discharge planning Condition 4 of planning permission ref. P/71/21/PL. The permission was granted on 6 July 2021 for the *"Installation of arrivals lodge with associated infrastructure and ancillary landscaping works"*.

This application seeks approval of the external lighting details proposed to be installed at the arrivals lodge.

Application Submission

The application comprises the following documents:

- 1 Completed application form, prepared by Lichfields;
- 2 Covering letter prepared by Lichfields; and
- 3 External Lighting Details (drawing ref. D42498/LC/A) prepared by Kingfisher Lighting.

The external lighting details drawing shows the range of arrivals lodge types that have been installed or are due to be installed at Haven Holiday Parks across the country. Lodge Type A will be installed at Church Farm Holiday Village. Accordingly this application is applying to install two single 4w recessed LED downlighter lights located within the ceiling of the canopy area. This will produce a lux luminance level of between 5 and 30 and as shown on the drawing light spill will be minimal and localised.

Reference is made on the drawing to 6no. lights; for the avoidance of doubt this relates to the total number of lights for all three lodge types rather than each individual lodge - only 2no. lights are proposed for the arrivals lodge at Church Farm.

We trust the information provided is sufficient to enable the Council to determine the application expediently and we look forward to receiving your confirmation of receipt and validation.

In the meantime, please do not hesitate to contact me or my colleague Ian York should you require any further information.

Yours faithfully

James Burman
Planner
