Dear Mr Stimpson,

Section 96A of the Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2010 (as amended) - Article 9

Application for a non-material amendment following a grant of planning permission P/39/13 - Increasing the overall depth of the extension to avoid existing foul sewer
33 Swandene, Pagham, ,

I refer to your recent application for a non-material minor amendment received on 19 November 2013 and relating to planning permission Ref P/39/13. The plans submitted show a small 0.3m increase in the depth of the extension and I understand that this is required to avoid the foul sewer. I have assessed the impact of this change with regard to the previous officer's report and in terms of the impact on No. 35 Swandene with the result that I consider that the changes are not sufficiently significant so as to warrant a fresh application. I therefore find the changes to be acceptable as a minor amendment to Ref P/39/13.

I trust this information is of assistance to you.

Yours sincerely

Karl Roberts
Assistant Director Planning & Economic Regeneration
