Dear Simon,

Please could you ask the applicant:

1. If there are any planned hours of use of the new building? I am aware that historically we have had a number of noise complaints from local residents and am keen to understand whether there are any noise implications from the use of the building.
2. Is there any intention of keeping food in the building? I am referring to food for the use of the site, not staff sandwiches! Should food for the site be stored in the building, there would be an issue with the sanitary facilities as there is only one door leading from the toilet and no lobby.

Many thanks

Fiona
