Dear Simon,

Thanks for this additional information.

Comparing the latest plan with the number of parking spaces shows that they are deficient in parking spaces – even with doubling-up (which appears to be limited anyway given the configuration of some of them). I am again looking at the green shaded areas.

As such, they should provide an additional plan showing that they can provide sufficient on-site, please. Without this, there is risk of parking on Pagham Road which would not be welcomed.

Thank you,

Tim
