Daun,

I have now amended the forms as we are connecting to the main sewer and have resubmitted via the PP. The foul drainage implications are limited as there are only 3 WCs proposed. The precise details of the connection are as yet unknown and therefore I have answered unknown to the second question which I assume is a legitimate and acceptable response particularly given the limited flow implications.

I also attach a topo.

I therefore trust that the application can now be validated and thank you for your assistance.

Regards

Mr Goodall,

Further to our telephone conversation earlier today, I can confirm the Certificate is correct.
