In addition to previous representation I have made in respect of this application (as owner of Rookery Farm), I also attach a pdf which shows the direct line of sight between the application site and the front door of Rookery Farm. In the absence of a professional artist's impression done by the Applicant, I also include on page two of this attachment our own impression of the packhouse from our front door. As you will see, this completely devastated the view from the property and is in no way in keeping with or sympathetic to the surroundings.

Please ensure this representation and the attached pdf images, are logged and uploaded to the website.

Kind regards
