Category	Planning Permission For Works Or Extension To A Dwelling
Recommendation	No Objection No Objection – with conditions Objection Holding Objection

EH Comments:

I have reviewed the above application, and I have concern bout the noise impact from the proposed air source heat pump depending on the unit these can be noisy and the 24 hour, on and off, use can be detrimental to the amenity of the nearby properties.

Before I can asses the impact from the proposed unit, we need to see evidence that the noise impact has been assessed in line with the existing background noise level.
