Good afternoon, Laura,

Thanks for your letter dated 18th September 2026.

Regarding the items you have pointed in your letter, we confirm that the amended description (copied below) is acceptable.

"Application under Section 73 of the Town and Country Planning Act 1990 for the variation of condition 1 - plans, to amend the hard-landscaping finishes to the footpaths to grey tarmac and the terraces and patios to coloured tarmac following the grant of P/141/22/RES."

On the second point raised, please find attached the location plan as requested.

Please note that the reason it was not submitted in the first place is, on the planning portal it was noted that a site boundary or location plan was not required for this type of application (at the time of submission in April 2026), please see below screenshot of the planning portal.

We trust that the above and attached allows the application to be validated, please do not hesitate to contact me should you require any further information.
