Dear Simon,

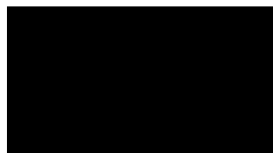

Here is the replacement application to discharge the conditions on the Application to cut the spit at Pagham Harbour. As we discussed, the details only cover the first part of the work, creating a compensatory Tern Island.

Please let me know if you need further information. When I know the reference details, I will keep an eye on your web site.

It is likely that I will be moving home during the time of this application, but I should be contactable on my mobile and email.

If you would like electronic copies of these documents do email. I cannot persuade the Planning Portal that a site can be in two districts!

Many thanks,

Geoff Barter, director.
