Hi Simon,

Just to get back to you on the 2 points below:

- 1) My comment about the CMP refers to the fact they have not provided this information for the construction of the breach when and if this takes place.
They have provided information for the CMP for the tern island construction only. And we have provided detailed comments on this.
Therefore we need the CMP detail for the breach activity, this maybe at a later date but before those work commence.
Apologies if this distinction was not clear.

9.3. Discharge of Construction Management Plan.

These details only refer to the construction of the Tern Island, a separate plan will be submitted

should the main cut be made.

- 2) FRAP – stands for Flood Risk Activity Permit and was something that Roger Spencer mentioned at the meeting, that they may need from EA, it is probably best to follow up with him or EA.

I hope everything else was clear, any more queries let me know.

Kind regards,

Angela

Angela Marlow BSc MSc DPhil
Coastal - Senior Adviser covering the Southern and South West Coast
Sussex and Kent Team – Sussex Coast and Marine
Natural England

Dear Angela,

Thanks for your comments

Can you confirm two things please:

- (1) Regarding the CMP condition, there is a section in their Statement at 9.3 which I believe is an attempt at a CMP. You may want to consider whether this has sufficient detail (though I suspect not).
- (2) You mention as FRAP at the end of the comment. I don't remember this being discussed at the Meeting or know what it stands for.

Kind Regards

Simon J Davis MRTPI | Principal Planning Officer, Planning Department, Directorate of Place, Arun District Council |

Dear Both,

Part 5 of The Town & Country Planning (Development Management Procedure) Order 2015.
Approval of details reserved by conditions imposed under P/97/15/PL

Please find attached Natural England's advice regarding the planning conditions for the above.

Kind regards,
Angela
