Subject: RE: Pagham Harbour Realignment

Dear Cllr Huntley,

I am afraid that we are unable to grant an extension to the planning permission unless the Government introduces special powers to enable this. You may want to raise this with your MP. Instead the applicants would need to make a new application to gain a new 3 year permission.

Kind Regards

Simon J Davis MRTPI | Principal Planning Officer, Planning Department, Directorate of Place, Arun District Council |

Pagham harbour realignment.

Dear all,

I totally concur with this suggestion . Dynamic changes to the beach and spit and corona virus have prevented us from cutting through the spit yet as planned however planning permission will run out this June unless we get an extension (permission which cost the parish council a lot of money to obtain).

We need a six month extension to allow us a fair chance of completing the planned work on the harbour mouth and tern 'Island'. Please could urgent requests be put to the appropriate authorities for this extension to be allowed. (If you are already doing this Simon - thanks.

The delay to MOT 's , evictions and house moving and council tax payments set a good precedent.)

Yours sincerely,

David Huntley, Ward member for Pagham.

Thank you June, I felt that if it was at least logged that a six month extension had been requested prior to planning running out we might have an argument.

Good idea Brian - the unfairness of unfavourable and damaging consequences due to time constraints when the said said constraints are actually being imposed by government's sudden and unforeseen requirements is obvious and must be put right. The run-out time must be extended to fit the governments new policy, without prejudice to the usual rights.

Subject: Pagham Harbour Realignment

Dear Sir

Pagham Harbour Realignment

As the planning is about to run out on the Harbour realignment, I was concerned that conditions that need discharging cannot now be done due to the Corina lockdown.

As Central Government have extended MOTs for motor vehicles to be extended for 6mths could this be the case for the above application.

I understand that there are delicate issues re migrating birds etc. but these problems can be ironed out with necessary bodies once there was a reasonable time window to do it in.

Regards Brian James

Resident of Pagham.
