Dear Mr Barrow

Thank you for confirming that the application for 5 Church Close can be deleted as submitted in error.

Iqraa is going to contact you shortly as there are still outstanding issues with P/12/26/HH. She has already emailed you about them, but she will email again so it is clear what is still outstanding. We will not return this application providing she receives the information by 27 March. We will not extend beyond this as we received the application on 27 January and we have been more than patient considering the application should be submitted with everything with it.

As discussed on the phone I am more than happy for you to make an appointment so I can explain how the validation requirement list works and how you can check yourself what needs to be submitted with each application.

Yours sincerely
