Thank you for your internet representation made on 15th January 2017 which has been recorded as '**an objection**' with the comments as follows:

I am deeply saddened at the proposed development & inevitable increase in concrete, cars & pollution (traffic fumes, congestion & noise) this will bring to our wonderful village, our home. We have one main road in & out of our village which is already extremely busy on any usual day of the week & significantly increases when the summer season starts & holidaymakers arrive. We have 2 heavily congested areas in the village; the end of Summer Lane, opposite the Post Office & outside the Inglenook (which has got worse since the change in the yellow lines on both sides of the road, causing the traffic to play "chicken"). Traffic & parked cars, increasing the double parking which seems to be on the rise in our area is a massive concern. Pagham Road is a dangerous & busy Road which any new houses & school will detrimentally effect, due to the increase in public & private traffic. We have experienced flooding in the village, which I suspect has been lessened over the years helped by surrounding fields. I can't see how concreting our lovely countryside will help this going forward & this is a genuine concern given the coastal area we live in. The use of local amenities is already under strain, doctors, school, local shopping & I fail to see how the proposed increase in houses, cars & people can be appropriately supported, whilst embracing the ethos & feel of current village life. We don't want to lose our countryside, the fields we love walking around with our family, please let our village remain a village.

Your views will be considered before the application is determined and I shall write to inform you of any decision made.

Please be advised that any comments you make that are not included within the Committee Agenda will be reported to the Members of the Development Control committee.
