Dear Sir / Madam,

Ref. P/140/16 OUT

I am very concerned about the above development. The country lane between Nyetimber (Pagham Rd.) and Chichester simply will not cope with the extra traffic. There has been flooding in the area and putting more concrete down will negate the 'sponge' effect of the fields. We need to preserve fields for growing crops (particularly with Brexit on the horizon). PLEASE do not allow this to be passed.

P.W. LEE.
