

19 Cardinals Drive,

Pagham,

West Sussex.

14th January 2017.

Dear Sir,

Planning Application P/140/16/OUT

I write to object most strongly to the above application by Hanbury Properties. The Pagham village infrastructure is currently overloaded. Both dental surgeries are oversubscribed, a doctor's appointment can take up to 2 weeks. The local school is also over subscribed and local children have to travel for their education. The village drainage system is over 50 years old and now struggles to cope particularly after heavy rain. The local problem of surface water inundation causes regular problems to many householders. The amount of traffic in and around the village has increased considerably and it is now difficult to get to Chichester first thing in the morning and back again in the evenings. There is no local major source of employment and any working newcomers would have to travel and so compound the current congestion on our local roads.

I cannot see how on earth this project could possibly enhance the services of our village all it can do will exacerbate the existing difficulties. The only beneficiaries will be the shareholders in Hanbury Properties. I hope, and expect, that a responsible and knowledgeable planning authority will firmly turn down this ill considered project.

Yours faithfully,

A solid black rectangular box used to redact the signature of the sender.

M. W. WELCOME

Planning Officer,

Arun District Council.
