

87, HARBOUR VIEW ROAD

PUGHAM.

* REF P/40/16/007

ARUN DISTRICT COUNCIL

20 JAN 2017

RECEIVED

7/1/2017

Dear Sir,

my Husband and I are writing to express our strong opposition to the proposed development to the south of Summer Lane, Pugham*.

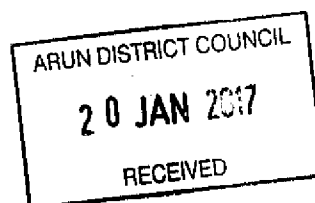

We have neither the resources or infrastructure to support the many families who would settle here.

The effect on traffic, loss of farmland and risk of flooding would be absolutely catastrophic and irreversible.

We seriously doubt that you have given sufficient thought to the above implications and the extremely detrimental effect it would have on the village.

Yours sincerely

Arun District Council,
Assistant Director of Planning and Economic Regeneration,
Arun Civic Centre , Maltravers Rd,
Littlehampton,
W.Sx. BN17 5LF

14th Jan. 2017

Dear Sirs,

Re: Ref. No -application

P/140/16/007

Where do we start – two application to fight and probably a few more to come. Over the years we have seen in Rose Green/Aldwick/pagham such an influx of new housing estates, so quietly slotted in that the majority of folks would not even notice but we do. The proposed new large estates are truly abhorrent - how on earth are these small areas suppose to cope! From our address you will see we are living in a very busy road, with the co-op causing such traffic problems, or should it be the people – parking on the white lines - yellow lines – causing residents unable to get in or out of their drives – even our local Parish councillors feel that this is acceptable. So can we cope with even more traffic.

Did you know that the doctors at Pryors lane try so very hard to cater for the needs of this expanding area, and what a large coverage this is now – no substantial moves are indicated to build more surgeries and manufacture more doctors to run them. This is also true for schools – may be banded about, but substantial evidence is needed.

With regards to surface water – no land no water escape – how frightening is the thought of houses being flooded – hook lane – say no more. If we protest about flooding now – and buildings go ahead, where do we look for help – who will take responsibility for this huge decision.

All these houses – all these people – all these jobs? – an answer please - London –more traffic – monies spent elsewhere. A really worrying point of so many vehicles , emergency services - we see juggling now in Rose Green Rd when both sides of the road is car occupied.
