

APPLICATION NO: P/140/16/OUT

I agree that the potential of the proposed development to impact on unknown remains of archaeological importance would justify an investigation of the site ahead of construction and that this process, and any subsequent measures to mitigate that impact, would be best secured following a standard archaeology condition, in this case a version of ARC1 excluding the words 'within the area indicated', as follows:

No development shall take place until the applicant has secured the implementation of a programme of archaeological work in accordance with a written scheme of investigation which has been submitted by the applicant and approved by the Planning Authority.
