Dear Sirs,

I oppose the planning
application for the Saffron Rd
(P/134/16) out, and Pagham Rd
(P/140/16) out.

There are traffic issues that are
unsustainable on this country lane already

I travel to work at 8am to get
to Chichester, and many times I
am queuing for Barfoot's turn.

There are problems already
with surface water, and the sewer pipes

2/25

where will they be connected
to the existing sewer for the
new buildings, as the sewer is
over loaded already.

Schools are over crowded
and the local doctors surgery.
loss to farmland and nature

Yours Sincerely

(C. S. Clark)
