RE PLANNING APPLICATION.

P/134/16/OUT and P/140/16/OUT

Dear Sirs.

Reference my comments for the  
above planning application

I moved to Pagham in 1975  
it was a picturesque village and  
farmland, shops, bakery, Bank  
etc, all part of the village in  
comparison to other areas and above  
all farmland and now it is  
proposed to increase housing in at  
least two areas of Pagham and  
will it stop there NO The roads in  
Pagham and the surrounding area  
are not made for all the extra

Traffic and heavy lorries which will be bound to increase with erection of the proposed building works and the extra traffic that this will entail with the volume which will arise from this. The infrastructure will be unable to cope with the excessive amount of pressure on the already overloaded services, and please take note there is also this big possibility of flooding to the area and farmland. This is a fact. Going back to the roads situation, the pagham Road for instance at rush hour times especially when children are going to school people going to Chichester to work, lorries delivering, people with hospital visits I could go on and on, and then if there was to be

a major incident especially in the  
rush hour or roads difficult  
to access because of the parking  
bearing in mind most families  
have at least 2 cars per household  
this could cause major problems  
in the future.

Another major problem is the  
very strong possibility of flooding  
especially the prospect of  
building on farmland that has  
flood problems in the past these  
are very severe risks that would  
arise from allowing the application  
to go through. I ask you sers to  
very seriously consider not to allow  
this application to go through.

Myself and many other residents of  
Pacham have very serious concerns  
rightly so, PLEASE GIVE THIS YOUR  
VERY VERY SERIOUS CONSIDERATION

BEFORE EMBARKING ON A PLAN  
THAT WILL BE DETRIMENTAL  
TO PACHAM AND ITS SURROUNDING  
AREAS.

YOURS FAITHFULLY

IS THE CRESCENT  
PACHAM POSITION
