Dear Sirs

As a resident of Pagham having lived here for 46 years, I have seen a few changes over the years, so I must put my views across for NOT allowing the go ahead for big housing development.

Pagham has not got the resources, to name just a few: - family houses etc. at least two cars, as there is no work in Pagham, these people would have to travel to Chichester or further afield, traffic on Pagham Road in the mornings and evenings is already a nightmare, I work towards Chichester and often join a queue at Sefton Road all going towards Chichester, and its the same at night.

We have one doctors surgery, fully operational and one near the beach closed most of the time.

Appointments booked on line 2-3 weeks waiting time or for appointment same day, you can queue up

$\frac{1}{2}$ hr before opening at 8 am.

One Infant, one Junior School cannot meet the needs for more children on this scale - so more traffic going out of Pagham, even building new surgery or schools these have to be staffed.

Pagham is also on a flood plain so could be catastrophic, with houses here already under threat.

What about the wildlife, and will it have an effect on our beautiful Pagham Harbours Bird Sanctuary.

What about the arable land, used to grow many food crops, more green fields churned up for building houses in an entirely unsuitable village.

Regards
