The wildlife will be affected, schools, dentist,
doctors + fire station will all struggle to
cope with staffing issues and the business. Please
stop ruining our lovely village, crime rate will
go up and the main thing is the risk of flooding
and traffic in the area, which will cause
more accidents. If I wanted to move somewhere
busy I would move to London not Rose Green/
Pagham.

P/140/16 out - Stop

The thought of hundreds of houses being
built in the pagham area is ludicrous.

Dear Director of planning.
