Planning Reference Numbers.

Sefton Road P/134/16/OUT
Pagham Road P/140/16/OUT
Hook Lane P/6/17/OUT.

Dear Sir

I am writing to object to the Planning application in respect of the above proposed developments for the following reasons.

1. These developments would fill the strategic gap between settlements which should not normally be built in, there will be no green spaces left.
2. I travel to Chichester regularly by bus & witness the amount of traffic already on our small roads & lanes resulting in delays & numerous accidents. It is dangerous for cycles & impossible for

pedestrians. Many of these roads are 'B' roads & some unclassified. Having lived in this area since 1963 the changes have already been phenomenal.

3. The existing schools in our area are already full & over-subscribed, & even if a primary school has to be built & what about secondary schools to feed into. Are there any plans for these?

4. We already have difficulty making Dr. appointments also dental appointments. These problems will be exacerbated with an excessive increase in housing.

5. Prime farmland & areas of beauty will be destroyed & completely change the way of life in our villages.

At the age of 85 I may not live to see these changes, but I have grandchildren. I implore your District Council to think of our future & fully consider the strong public feeling.

Yours faithfully,
