Mr - Mr E. Howlett

9 Barley Close

Pagham Road

Pagham

Bognor Regis

PO21 3UR

REF P/140/18/004	PLANNING COMMITTEE FOR COUNCIL
6 - FEB 2017	
RECEIVED	

Dear Mr Roberts

We feel very strongly about all of the new properties proposed to be built in Pagham, there is only one road in and out of Pagham, that is the Pagham road this road is already a nightmare with speeding traffic passing through, there are always accidents on this road and building more properties will only make it worse and cause more problems with traffic passing through.

There is also the problem with flooding on this part of the road this will be a disaster with more properties getting flooded.

Then there is the problem with not enough doctors

P.T.O

and dentists we already have to wait
days sometimes weeks to get an appointment
to see a doctor, and a dentist is months
so if we get all these new residents we
might just as well die, then there is
the question of jobs where are those
coming from, there is no work here now.

Most of the residents that live
in and around Payson are senior citizens
like myself and my wife which we enjoy
the place and ~~the~~ wife which is why
we choose to live here, all of this would
go as if Payson would become more of a
town than a village which for us would be
heart breaking, why should all of our
lives be ruined through the incompetence of
governments, we beg of you to try at
least to get the number of prosperities to
be ~~little~~ well reduced thank you

Yours sincerely
